

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

STONG AND CONVINCING REASONS GIVEN

WHY

The Voters Should Cast Their Ballot

FOR

DAVID N. WILLIAMS

FOR

COUNTY COURT CLERK.

NEIGHBORS AND FRIENDS:

Consider this open letter as though addressed in separately sealed envelopes to each individual voter in Rockcastle.

Read it closely and ponder it well. It comes from one who wants to see Rockcastle people with money in the banks; peace and plenty in their homes and happiness in their hearts. What I say here is, in my opinion, for the best of all. Every one of us has brought to have, a deep seated interest in the election of our county officers. There is no political principle involved in a city and county election. We should look solely at the candidate, his experience and fitness and care nothing for his party emblem. Local government is best advanced by dividing the local offices between Democrats and Republicans.

In the most progressive counties the citizens always have a mixed ticket. As an example of this, let us see who the officers are in this, Kenton county, of which Covington is the principal city. One of our Circuit Court Judges is a republican, the Commonwealth Attorney, your humble servant, is a democrat. The County Judge is a republican; The County Attorney is a democrat. The Circuit Court Clerk is a republican and the County Court Clerk a democrat. The City Assessor is a democrat; the County Assessor a republican. The Sheriff is a democrat and the Chief of Police a republican. The Mayor is a republican and the City Clerk a democrat. The Police Judge is a democrat and the City Solicitor (commonly called City Attorney) a republican. This is true, although both city and county are Democratic and in a presidential year it gives more than two thousand democratic majority. This proves conclusively that the Democrats vote for the republicans because of the number of republicans you see in office. But they

vote for them because of their fitness. The Republicans do the same thing for the Democrats and speak out openly in their advocacy of a democrat if they believe he is entitled to the office. We have reached that time in our political independence where in counting the ballots at the close of an election day, you can hardly tell whether the voter in a local race is a republican or democrat in politics. President Taft once said, in a public speech in Akron, Ohio, that he would not vote the Republican in city and county ticket in Cincinnati and Hamilton county should be at home to cast his ballot. More than once he has urged upon the people in local races to mix their officers. President Roosevelt often advised local independence and the scratching of the ticket in greater New York and elsewhere. Our own Governor Bradley, elected by Democrats, always proclaimed that wholesome doctrine of weighing our Country's welfare first in local races. As a tribute to this spirit of independence taught by Lincoln, Blair, Roosevelt, Cleveland, Bryan, Taft, Carlisle, Bradley, Morrow and a host of other great men, in local races, is it not our highest duty to vote and work for the election of D. N. Williams, on the Democratic ticket, for County Court Clerk? If such Republican leaders and statesmen as Roosevelt and Taft can scratch in local races, why can't you? That D. N. Williams is competent, no one will deny. That he has had the experience and is naturally fitted for the office, all will admit. His character, his clerical temperament and his ability to fill this position well are strong and convincing arguments in favor of his election. He is justly entitled to the support of those who wish that office to be kept by one who has been tried and proved a faithful servant and who will look solely to the proper management of that office and a pleasant reception of those who have business with him.

Some of the best efforts of my life have I given to the people of Rockcastle. Constantly and steadily have I plied for it's upbuilding. Eagerly and proudly have I watched her growth. Many a time have I given up my hard earnings for her advancement. To every dollar given in the past, my earnest prayer is that I may be able to give ten in the future. May I ask my friends and those who want the very best local government possible, who want better times, better country, more attentive officials to public duty and for the splendid lesson it will teach; for the great good it will do, to go to work, irrespective of party, for the election of my father for County Court Clerk and thereby render a beneficial and becoming service to your county, to your people, to your family and to yourself.

Affectionately yours,
R. G. WILLIAMS

DEAFNESS CANNOT BE
CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

LIVINGSTON

S. J. Kinley has gone to Cupp, Tenn., to work in the coal mines. He will move his family there about the 15th of November.—It seems like Livingston has indeed put on her fighting clothes again. On last Saturday John Baker Jr. and Thomas Mullins fell out and after a short quarrel Baker bit Mullins on the head and cut an ugly gash. Baker was acquitted. The same evening Jackson Overbey went to the trial of Baker and Mullins and feeling a little gaily naturally wanted trouble and refused to give up his gun and made an attempt to draw it on Marshall Burton when Burton shot him. Overbey is not seriously shot but it will lay him up for quite awhile. No one blames Burton as he only did his duty, and one or two examples just like this, people will realize that our Marshall will do to tie for he is not to be bluffed by any man. So we will say to all that come to Livingston to raise a rough house, you had better go to some other sea port if you want to fare well.

Albert Cromer of St. Louis, Mo., is visiting relatives here and will remain until spring.—Ben Hellard and wife have buried the hatchet and have renewed their vows and we hope all will be peace and pleasure.—Wickliffe, who has been with the L. & N. so long, has resigned his position and gone to Nashville. He was an all round gentleman and will be missed here.

—Dr. R. G. Webb has returned from Louisville and reports his brother much improved.—D. N. Williams seems to be a strong candidate for County Court Clerk. There are no political principles involved in city and county elections and the voter who blindly follows party emblems regardless of qualification and fitness is a poor citizen indeed. The cause of local government is best advanced by dividing local offices between Democrats and Republicans, and to vote a mixed ticket is to display not only courage and intelligence but a fine sense of justice. So Mr. Democrat and Republican, now is the time to honor this great and good man. He always has a good word for everybody and we never heard a harsh word spoken against him. So let's lay down prejudice and party affiliation and confer this honor upon Uncle Dave.

Myrtle Poynter is some better.—The little child of John Wolfe died Saturday and was buried Sunday.—Miss Bettie Pennington who is teaching on Rockcastle river, was with homefolks Sunday.—Mrs. H. L. Delph, who was getting better, had a setback and is very sick again.—The farmer's Institute which met here Monday the 25th, was largely attended. There were men riding electioneering a week before the convention met, and of course it was cut and dried. There were Republicans that had not been in town for the past six months but they loomed up that day.—F. L. Thompson was with us Monday.

—Mrs. Charley Whitehead is visiting in Mt. Vernon this week.—Miss Manie Henson, who had been down of fever for about three months, is able to sit up. This case is a record breaker, she was so near death's door. Three cheers for Dr. W. J. Childress.—J. D. McFerron was here Monday.—Deputy Sheriff G. S. Griffin was in town Monday.—Jerome Adams has been very sick but is some better.—Charley Whitehead and W. H. Burton were in Mt. Vernon Tuesday.

Next Tuesday will bring the election and there is one thing we do hope we will have a nice quiet time the indications point to trouble but the marshal will have deputies and we will try to be equal to the occasion. All voters should try to look to the interest of the county and town and vote accordingly there is a lot at stake and if we will elect good men we will have a quiet town. Let us look to the interest of our town and county and elect good men so if we will all turn out and do our duty we will never regret our actions.—Mrs. W. A. Shelton is visiting in Dalton Ga., this week.—Mr. G. W. Sambrooks and Miss Lula Mae Johnson, of Danville, were married the 23. May peace and pleasure abound.—Dr. W. J. Childress has moved his office to his residence.

Are Drugs Necessary? Do Drugs Cure Disease? Can Nature be Assisted?

If people were born right and afterwards lived right, there would be no use for medicine. Every doctor knows this. So do other well-informed people. One thing more. When a person lives wrongly, or acquires bodily weakness by heredity, medicine can do only very little. Medicine cannot cure him. Only charlatans claim that medicines will cure disease. Medicines may palliate symptoms. Medicines may urge the powers of Nature to resist disease. Medicines sometimes arouse the efforts of the human body to right itself against derangements. This is the most that medicine can do.

A man accidentally puts his finger in the fire. Instinctively he wets his finger in his mouth, then blows on it for the cooling effect. This is no cure. He knows it very well. But it makes it feel better for the time being.

People eat unwise. This produces dyspepsia or indigestion. The only rational cure is to eat correctly. Yet if a palliative is at hand the pains of indigestion can be mitigated, the throes of dyspepsia assuaged. The medicine cannot be said to have cured. It simply palliates disagreeable symptoms. The cure must come through right living.

Take Peruna, for instance. No one claims Peruna is a cure for dyspepsia. But Peruna will stimulate the stomach to perform its function properly. Peruna will increase the flow of digestive fluids, without which digestion cannot be carried on at all. It will increase the relish of food, the appetite.

It is admitted that all this can be accomplished by right living, but there are so many people who either will not or do not know how to eat correctly that a tremendous amount of good can be done by the wise use of Peruna.

A stomach that has been frequently abused performs the function of digestion very lazily. Such a stomach allows the food to remain undigested for some time after it is swallowed. This leads to fermentation of the food. Sour stomach is the result. This goes on week after week, until the blood is poisoned with the products of fermentation. This condition is very apt to produce rheumatism.

It is not claimed that Peruna will cure rheumatism. Nothing will cure rheumatism but correct living. But it is claimed that Peruna will assist a badly abused stomach to perform its work.

If a person would correct his habits, persist in right eating and temperate ways, undoubtedly the stomach would right itself, the blood would rid itself of the poison, and everything would be right. But as said before there are a multitude of people who will not or cannot adopt right methods of living. To such people Peruna is a boon. A dose before meals will assist the stomach to do its work. This prevents fermentation of the food, brings about normal digestion, and all the train of ills that follow indigestion disappear.

In other words, Peruna is helpful to those who live badly, or those who have acquired some chronic weakness. Peruna does not cure, but it assists the powers of Nature to bring about a cure. The whip does not increase the power of the horse to pull a load, but judiciously used it stimulates the horse to use his powers at the right time, without which he could not have pulled the load.

This illustrates the effect of Peruna, or any other good remedy upon the system. Taken at the right time, it calls forth the powers of the human system to meet the encroachments of disease, and thus cut short, if not entirely ends, the diseased action.

No one should ever attempt to substitute medicine in the place of right living. In the end such an attempt will prove a disaster. But an occasional use of the right medicine at the right time is a godsend, and no reasonable person will undertake to deny it.

Those who know how to use Peruna find it of untold value. By and by the world will get wise enough so that through correct living no medicine at all will be needed. But that time has not arrived. In the meantime, while the world is approaching that perfection in which all medicine will be eliminated, Peruna is a handy remedy to have in the house.

Slight derangements of the stomach; slight catarrhal attacks of the liver, the throat, bronchial tubes, lungs or bowels; these attacks are sure to lead to grave diseases, and can be averted by the judicious use of Peruna.

Wouldn't you like to read a few unsolicited testimonials from people who have used Peruna, and who stand ready to confirm the above statements concerning it. If so, address the Peruna Drug Manufacturing Co., Columbus, Ohio, and we will send some prepaid.

A SON'S APPEAL.

TO THE VOTERS OF ROCKCASTLE COUNTY:—

My father, D. N. Williams, asks the voters of Rockcastle county to cast their votes for him, for County Court Clerk. He is not a new man in your midst. He and his family have lived in Rockcastle since just after the county was organized. The oldest citizens know him; the youngest have heard of him. They know whether he will faithfully and honestly discharge the duties of the office. I can safely say, he knows more about the records of the office than any living man. When Clerk, he was always in his office, ready and willing to attend to the wants of the people. He was always ready and anxious to hunt up and show the patrons of the office, their deeds, mortgages and records, without compensation. If elected, he will give his entire attention to the office. If needed, he will keep a good and active deputy. Knowing the records of the office as he does, he agrees to always hunt up and show the people, the records of the office they may wish to see, thereby saving hundreds of dollars to the people in attorney fees. Often now those who want to find old records, employ him to find them. If he were clerk, all this work would be done without charge.

While I am reasonably well acquainted with the records of this

office, yet almost always when I wish to find an old record, and always when I wish to find a burnt or mutilated record, I get him to do it. Having a fine memory as to where deeds were recorded, he can find them in a third of the time required of even those who often go through the records. This is the last time he will ask you to support him. Let him serve you four years more, and he will give way to some one else.

There is nothing so sacred to the human heart as the approving voice of your fellow men; nothing so stirs the soul; nothing so animates the mind and quickens the step; nothing makes the heart grow warmer or the cheek so quickly mantled with pride.

Imitating the example of the best who are with us today, and the sacred memory of those who have "pitched their tents in that silent camping ground that lies beyond the river of life", let us rise above the narrow confines of party prejudice, and vote as we think best. Your helping hand will ever be remembered.

My Republican friends and Democratic brethren, I appeal to you to cast your votes on the 2nd day of November, for my aged father.

Yours truly,
C. C. WILLIAMS.

TO THE VOTERS OF THE TOWN OF LIVINGSTON KY:—

I wish to say that at a Citizens Mass Convention held in this incorporation on Friday evening Oct. 1st there was a citizens ticket nominated for the following offices: Police Judge, Marshal and five Trustees. I, fellow citizens, was unanimously chosen by this convention to make the race for Police Judge and I therein wish to thank the members present at that convention for the honor conferred upon me and when the election is over and I am declared the victor with the rest of the ticket I assure you that I will endeavor to discharge my duties in such a manner that you will never have cause to regret the interest you have taken in my election. Gentlemen, I am not seeking this office for any selfish motive or financial gain but I have been a citizen (How good a one I leave that to your judgement) for 12 long years and I certainly should feel an interest in the welfare and upbuilding of our little

town and now all that I can promise you when elected to this office is that I will give you the best administration which my ability affords and that I will give you the laws as laid down in the Statutes and of course there is no fair minded person who will expect or want anything else from a man in that position. But my fellow citizens do not understand me that I do not believe my opponent would give you the same for I wish it understood that my opponent is a high toned gentleman in every respect and I regret very much to see him go down in defeat but when a man enters a lions den he cannot expect anything but to be devoured. My fellow citizens there are no politics in this race and I am proud of it this is as it should be the man and not the politics. There is on the board of trustees with whom I am running 3 republicans and 2 Democrats and I certainly wish to extend my thanks to the many republican friends who have volunteered their support to myself and the ticket with which I am running and we with one accord are making this race upon the same platform and one which can be explained in very few words that is to keep up the good work of improvements which the present incumbents have started and to take up where they shall leave off and do every thing in our power to make our little village a credit to the confidence reposed in us by its citizens and voters and now citizens in conclusion I wish to say that I am not putting this before you and asking your support at the polls for myself alone but for the entire citizens ticket which was regularly nominated at the convention on Oct. 1st, and when you go to the polls on Nov. 2nd and cast your vote and you have placed that vote under the Scale Device I am sure you will leave there with this thought ever ringing in your ear well done thou hast fought the good fight about the closing of the polls and receive thy reward by hearing the announcement of the victory of the citizens ticket.

H. D. MAGEE.

BRODHEAD.

A large vote will be cast in this precinct for D. N. Williams for County Court Clerk, not only on his own account but to show an ap-

preciation of the many good things done for this community by his son, R. G. Williams when he was on the bench in this county. It was through his instrumentality that the road was put out of the creek from Boone's fork to the Woodall place, also the bridge across Negro creek near here was all accomplished through the work of Judge Williams who left his office several different times coming here and assisting the people in this work. We feel that all this will be remembered on Tuesday next when the good people of Brodhead and community will have a chance to show their appreciation for so many favors rendered them.

Mr. Plum, of Oxenton, is spending a few days here looking at the tobacco crops in various parts of the county. He proposes having all deliveries made here where the grading will be done. This is a good chance to sell tobacco at home market and thereby save cost of transportation.—Mrs. M. E. Wilnot is in Williamsburg and Knoxville this week.—J. W. Hutcheson spent Monday at Overton Owen county.

—J. Thos. Cherry is in Cincinnati laying in his winter goods.—Jno. E. Evans was in Knoxville last week getting new sample hats to suit the coming season.—Miss Marguerite McClary spent Sunday in the Hiatt section.—Mr. John Isaacs, of Gravel Switch is learning banking here under J. W. Hutcheson. He was lately elected cashier of a bank organized at the above mentioned place.

Walter Robins, fireman on the O. & C. is spending a few days with relatives here.—Miss Cora Sigmond is visiting relatives in Corbin this week.—Mrs. J. H. Hilton and daughters, Ethel and Johnna, of Stanford spent a few days as guests of Mr. and Mrs. J. Thos. Cherry last week.—The foot bridge across the river here is nearing completion and is a piece of work any town might be proud of.—Rev. Jamison of Livingston is to preach at the Baptist church here Friday night.—Two attempts have been made to break in the store of J. Thos. Cherry within the last ten days. Each time the thieves were frightened away.—O. A. Frith spent Sunday at Bee Lick on important business.—Chas. Armstrong a hustling farmer of the Quail section and a candidate for magistrate in this district was

in town Tuesday

DEAD:—Mrs. Roy Robins, of Preachersville, died Tuesday of typhoid fever and was buried in Goshen cemetery near Stanford. Mrs. Robins was formerly Miss Anderson, daughter of B. C. Anderson of this place.

Mr. Robins is a brother of the postmaster, John Robins. They moved to Preachersville some three years ago and was expecting to return here soon. We extend to Mr. Robins and the two little boys, friends and relatives our heart felt sympathy.

TO THE VOTERS OF ROCKCASTLE COUNTY:

It has been rated in some section of the county that I should have stated in a talk over at Red Hill that the County Clerks office was burned by my opponent, Mr. D. N. Williams. That statement is untrue, and the author of it is a liar, and the father of a lie. Those who were present will bear me witness. Throw all the mud you want to but tell a little truth. S. F. BOWMAN, Nominee for clerk.

Under the present constitution of Kentucky, the State is prohibited from bidding in the building of public roads. The last legislature by a practically unanimous vote decided to submit to the voters of the State a constitutional amendment to section 157 so that the State could aid in the construction of public roads. That question is to be voted November 2 and by failing to vote you will at least cast one half vote against the amendment. It is of vital importance that this section be amended, and every good citizen who wishes to uphold the State should vote for the amendment and see that his neighbors and the voters of his precinct do likewise. Under the old system prior to the adoption of the present constitution all the good roads that we now have were built with State aid, the State becoming a stockholder in all new pikes erected. Nothing so advanced the interest and prosperity of a community as good roads. By doing your duty on November 2 you can make it possible for the State again take up the question of road construction in Kentucky. Under such a system the roads of Rockcastle could be made into turnpikes. The rich automobile owners residing in the cities under the State

aid plan would be forced to join in keeping the roads up to a high standard. Vote "yes" for the amendment.

At the November election the voters will be given an opportunity to cast their ballots in favor of a "Good Roads" amendment to the Constitution. Nothing so adds to the value of farming land as for it to be accessible to good roads; nothing adds so much to the town as the good roads that lead to it. A community is built up accordingly as it is accessible. Therefore it behooves both town people and country people to support the amendment. Vote "yes" for the amendment.

The wife of John McHargue died at their home, Burr, on Saturday last of puerperal colvulsion. The baby that was born that morning lived.

If you are a believer in good roads make it a point to find out how your friends and people you meet stand on the question. If you find a man who is opposed, try and make him see that he is in the wrong and point out to him the right way.

Since the Farmers Institute has become nothing but a political machine, we think it is time for the farmers to let it go and turn it over to politicians. It was inaugurated for the benefit of the farmers, but the two political parties, one as much as the other, have ruined it.

In an address before the Southern Appalachian Good Roads Convention in Asheville, N. C. G. Grosvenor Dawe, managing director of the Southern Commercial Congress announced that eleven Southern States had since March voted \$17,956,000 in good-road bonds. The States voting over \$1,000,000 were in the order named, Texas, Tennessee, Georgia, Oklahoma, North Carolina, Florida and Virginia.

Good roads and good streets are the real things and all are worthy of promotion.

The Weber-Wightwedding which took place at Chattanooga last Thursday was a brilliant affair, a full account of which will appear in our next issue.

Scarlet fever has about subsided and the Board of Health says the schools, Brown Memorial and the public school may open in all the departments next Monday.

That street on which Wm. Mullins is building a residence is known as Lovell's Lane. Jones street is that next north leaving Richmond street at C. C. Davis residence.

Mr Ashcraft, of Lexington, a mine promoter, who has been at Pine Hill for the last three weeks, was here yesterday and says that the Pine Hill territory is rich with cement rock and fire clay. A new vein of coal, lower down has been found, which is larger and better than that found there heretofore. He spoke as though every thing was in fair way to start a cement factory at that place, which is backed by Eastern capitalist.

To the Voters:

I am doing all I possibly can and my prospects of election grow brighter each day. I appeal to both republicans and democrats to arouse themselves to the importance of the office and the opportunity presented. Urge my election for County Court Clerk and urge it kindly and reasonably. I appeal to the people to lay aside party prejudice; to show their patriotism and vote for political independence for their home and for the best interest of our whole county. If elected I solemnly and sacredly pledge to every voter that the County Court Clerk's office will be kept and managed by me in decency and in order. My personal and undivided attention shall be given to the faithful performance of the duties connected therewith. The records therein, contains title to your property, possibly all you have, will be well and safely kept by me. I shall do everything in my power to protect the interest of all the people and elevate the management of that office. Experience in this and all other counties prove that you obtain the best service from your county officials when they are of different political parties. They serve as balance wheels and the local affairs are thereby more safely, soundly and economically administered. It, therefore, becomes the highest and most important duty of every taxpayer to assist by vote and voice in my election. See your neighbors and friends; beseech them to vote for me that good government among us might be promoted, and that faithful and honest public service, heretofore rendered by me in this same office, be justly rewarded.

Never again will I ask for this or any other office. My very best efforts will be put forth to give entire satisfaction to the people, and to conduct it in such a manner as to set a good example for future clerks in the management of that office.

In this county I was born, reared and have lived all my life. Here the sacred ashes of a host of old friends and of my blessed father, mother, brother and relatives repose, and here among you good people—for I would die no where else—shall I, too, be content to breath my last and here be buried. This will be your last opportunity to ever vote for one whose name is as old as the county for our family has figured in each epoch of the county's history. Vote for one who has and will serve you well and who will ever remember it with grateful heart and with deepest appreciation.

Ever your friend,
D. N. WILLIAMS.

Some day the great Salt Peter cave in the eastern part of Rockcastle will furnish material for millions of tons of commercial fertilizer.

CITIZENS MEET:—Do not forget the good roads meeting at Spiro to-morrow. The candidates will be there; the farmers along both routes and the people generally will attend and urge along the good cause.

Good roads in this county would not only cause great development to farming lands but would push to the front vast interest in the following lines: Fire clay, pottery clay, sand, cement, lime, building stone such as sandstone, free stone limestone, haligrit etc., asphalt, salt-peter for fertilizer; lumber including chestnut, oakwood for tanneries, coal lands, especially the coal fields of Skaggs Creek valley which is rich in the quality of black diamond.

It is claimed that a good coal vein, on a lower level has been found at Pine Hill that is virtually free of sulphur which is a suitable article for burning cement. A movement is on foot for the establishment of a cement plant at that point. Some three years ago an organization was formed for the erection of a \$200,000 enterprise of this nature at Pine Hill but owing to the death of one of the principal stockholder the proposition fell through. The matter has been revived.

'Tis true,—"How healthy for the tax payers and public generally to have both democrats and republicans in the County Court House as public officials! They act as balance wheels and the county affairs are better, more promptly and economically administered. This is a very strong and convincing argument to a sensible republican that his highest duty is to vote for D. N. Williams although on the Democratic ticket, for County Court Clerk of Rockcastle."—Somerset Times.

James Ingram, supervisor of bridges and buildings on this division and a division of main stem of L. & N. R. R. has been in the service of that road since 1857. When he took employment this branch of the line only ran to Lebanon. Mr. Ingram is yet spry and active and gets around as well as he did 30 years ago. His 52 years work probably places him as the oldest employee in continuous service with the company. He has been to Mt. Vernon some half dozen times since the erection of the new depot building was begun. James E. Cox, whom nearly every one along the line, even the children, knows and respects is Mr. Ingrams able assistant.

A good crop of splendid sorgum has been harvested throughout the county and plenty of that sweetness can be had at 50 cents per gallon. Mr. G. E. Painter, of near Brodhead, a successful sorgum raiser, has for years maintained his price of 50 cents per gallon no matter at what prices others sold at, even when 35 cts or 75 cts per gallon. He says they are worth 50 cts and no more.

The Interior Journal had the following in it's Tuesdays issue, concerning the democratic candidate for County Court Clerk, Mr. D. N. Williams,—

"Rockcastle,—D. N. Williams, of Mt. Vernon, one of the best fitted men in Kentucky for the place, is making the race on the Democratic ticket for County Court Clerk in Rockcastle. He has had the experience and understands thoroughly the duties of that office. If the republicans and democrats are as wise, in that rapidly growing county, as we think they are, they will elect him."

Judge B. J. Bethurum, of Somerset, must have been born under a lucky star. He represented Rockcastle county in the legislature; the twenty-eighth judicial district as commonwealth's attorney and is the nominee of his party for circuit judge of the judicial district which he has so ably served as commonwealth's attorney. He is just thirty-five years of age and will be the youngest judge in the state. He has never had opposition, either in the primary or general

election, in any race which he has ever made.—Danville Advocate.

Notice is hereby given that there will be a meeting of the Overseers of the Public Roads of Rockcastle county, at the Court House in Mt. Vernon, November 10, 1909. All are invited to be present, and I trust that you will make arrangements to be here on that day, as we want to discuss matters which will be of interest to each and every officer and will be profitable to the interests of the county.

Very respectfully,
G. V. OWENS, J. P.

Mt. Vernon, Ky.

Dear old Rockcastle friend:—

I am proud to know that you have your race so easily won. I am a Republican but as you are, I am a friend to the right thing. If there is or should be at any time anything I could do, for a Rockcastle man I am ready.

Yours for success,
G. T. JOHNSON.

He will make you a good Clerk.

That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

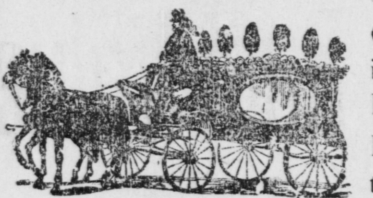

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectively heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

Sold by CHAS. C. DAVIS

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.
